## Bake With the Best

Odense pure Almond Paste and Marzipan have been loved by America's home bakers since the mid-60s. Almond Paste, with a higher almond content, is used for cakes and pastries. Marzipan, with a higher sugar content, is used for covering cakes and creating marzipan figures. Made in Denmark since 1909.

### Marzipan

Make marzipan fruits, flowers and cake decorations  
Item# 0700 | 12/7 oz. boxes

### Almond Paste

A favorite of home bakers  
Item# 0702 | 12/7 oz. boxes

In 1970, Frank Landrey returned from Italy with candies he'd received as a gift. He gave the candy to his children, and soon all the neighborhood kids were begging for more of that "funny fizzy candy!" At the time, Frank was in the habit of saying, "Don't give me the Zotz." The name stuck, and the first order of ZOTZ candy was shipped in July 1970. Fifty-five fizzy years later, ZOTZ is going strong, and is still made in the same small Italian factory.

## HONEY FILLED CANDIES

**NATURAL INGREDIENTS • NO ARTIFICIAL COLORS OR FLAVORS**

In 1932, beekeeper Battistino Ambrosoli made his first candies with centers of pure liquid honey. He could make just a few pounds of candy per day, with each piece wrapped by hand. Today, Honees® are still made in our small factory in Italy. We hope you enjoy the taste of nearly 100 years of tradition.
